PLATING

All products are available with the following plating colors:

- Gold plating (hamilton color, 14 kt, 24 kt, new English)
- Rose plating
- Silver plating
- Rhodium plating
- Ruthenium plating (black color)
- Brown plating

NICKEL SAFE AND NICKEL FREE ALLOYS

White gold is available in nickel safe alloys (EU compliant) and nickel free alloys
(either with silver or with palladium).

FINDINGS PRODUCERS SINCE 1974

MADE IN TUSCANY

Tuscany means reliability, tradition in serving, innovation and culture.
These particular qualities distinguish
our production.

All our finishings of Italian design are entirely manufactured by us using
machinery made by ourselves.

SOCIAL RESPONSIBILITY

Fior spa adopted a Social Responsibility Management System
and obtained RJC COP and RJC COC Certifications.

The RJC Code of Practice (CoP) provides a common Standard
for ethical, social, human rights and environmental practices.

The RJC Chain of Custody (CoC) Standard, applicable to silver, gold and platinum,
aims to support responsible sourcing of these precious metals in the jewellery supply chain.
